

Troop 46 Community Service Project - July 22, 2013

We had a successful community service project yesterday with six scouts volunteering five hours each to assist children with Down syndrome learn how to ride a bike – some great strides, smiles and memories for all. Thanks to Adi, Anders, Noah, Trey, Wyatt and Zach!! Attached is a photo of our group (with Chris and Abbi from their national organization), and following is a link to a great library of photos from our day on Facebook.
